TASTING NOTES

Colour: Deep ruby.
Aroma: Wild berry aromas, anise seed, dark mineral and crushed flint.
Taste: Juicy black cherry, raspberry compote, cinnamon, white pepper and clove while a mineral note backs up the lingering finish.
Food: Red meats, matured cheeses, overall a versatile wine.

AWARDS & ACCOLADES

2022 ~ 90 Points. "The 2022 Etna Rosso wafts up with a perfumed blend of rosy florals and hints of juniper berry. This is vividly fruit-focused, with a wave of ripe wild berries and sweet spices that flow across a stream of brisk acidity. It leaves a staining of primary concentration and mildly grippy tannins to resonate as violet inner florals slowly fade. While more extroverted than expected, the 2022 is a total pleasure to taste and maintains fantastic balance." - Antonio Galloni's Vinous, Mar/2024

2022 ~ "Flavors of warm spices, macerated raspberry and dried cherry fruit are aligned with dusty tannins in this balanced red, providing light, fine definition. Fragrant notes of fresh earth and violets join a bright touch of pomegranate seed and play on the finish. Nerello Mascalese and Nerello Cappuccio. Drink now." - Alison Napjus - Wine Spectator, Oct/2024

OTHER INFO

Grapes are grown in a high hill climate, humid and rainy in the cooler season, with high ventilation and luminosity and significant temperature excursions. Grapes are hand picked during October and destemmed. Fermentation occurs at a controlled temperature of 25°C in stainless steel vats, with a 20-21 days long maceration, using patented selected indigenous yeasts. About 80% of the wine then matures in stainless steel tanks, while about 20% matures in French oak barriques for 8-10 months).
